## **DELIMER COMFORT**

Water softening device

Order-No.: 10205

- produces a continuous supply of demineralised water to prevent lime-scale deposits in hard water that can cause damage
- ion exchanger incl. automatic regeneration with softening salt
- no filter cartridge
- semi-automatic regeneration process
- direct connection to devices
- control lamp for low salt level
- manual removal of water by installation of a water tap as optional extra

### Technical data

Line voltage	230V/50–60 Hz
Water pressure	max. 3 bar
Current consumption	100 W
Height	434 mm
Width	327 mm
Depth	294 mm
Weight	11 kg
Water supply	3,5l/min.
Housing	stainless steel
