

■ Casting

RETOCAST T

Flame casting centrifuge

Order-No.: 10502

- alloys are melted by a flame torch
- also for gypsum bonded investment
- for precision casting that is suitable for both precious and non-precious alloys and model casting
- three different starting speeds
- timer controlled casting
- proven technology of centrifugal arm
- mechanic timer
- double wall stainless steel housing

Technical data

Line voltage	230V / 50 – 60 Hz
Current consumption	500 W
Height	350 mm open: 800 mm
Width	550 mm
Depth	710 mm
Weight	44 kg
Speed	500 rpm
Casting ring size	1 – 9 and model casting
Quantity of alloy	noble metal 130 g / non-precious metal 60 g
Housing	stainless steel
